

Mobile App UI/GUI Revision

Last Modified on 01/18/2024 2:57 pm EST

Feature first available:

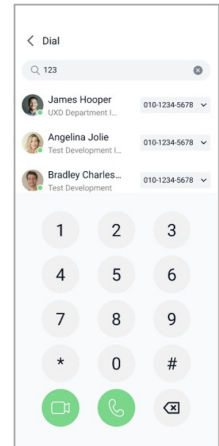

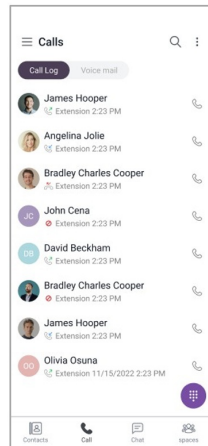

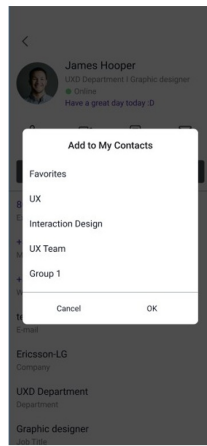

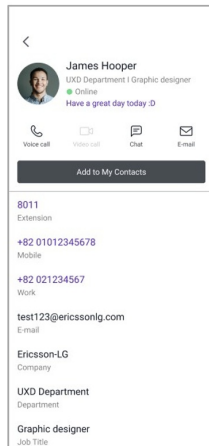

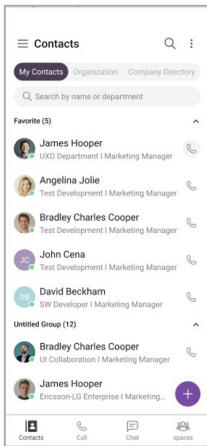

iPECS Cloud version 6.0.

License Required:

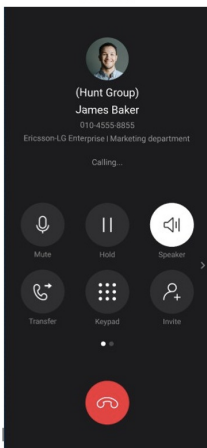

iPECS Cloud Premium or Premium Plus licensing is required to use this feature.

Description:

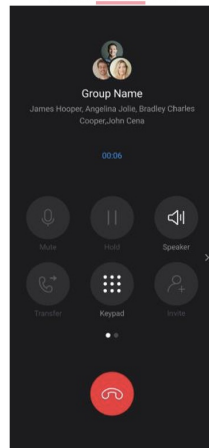

iPECS ONE has a new mobile client GUI for phone and tablet. The v4 Mobile Client UI Framework upgrade supports more components, including Design Kit for design tools such as Figma. Changes include theme customization, more granular control over your theme/style, and the ability to utilize hooks to the fullest. In addition to following the latest GUI trends, it also supports dark mode and improved library stability.
