

# Send iPECS ONE log in credentials to multiple users

Last Modified on 12/29/2023 5:30 pm EST

## Feature first available:

iPECS Cloud version 6.0.

## License Required:

iPECS ONE user licensing is required to use this feature.

## Description:

Send the iPECS ONE users an email with their log in credentials to as many users as desired at the same time . Previously the customer manager could send notification to only 1 user at a time.

## Programming:

Customer Manager Portal > User > Account Information > ONE User Tab

- Select users to send an email and click the “Send Login Information via E-Mail” button.
- The “ONE User” tab displays ONE users.
