

# Upload Background Image to Multiple Phones

Last Modified on 01/03/2024 9:46 pm EST

## Feature first available:

iPECS Cloud version 6.0.

## License Required:

No iPECS licensing is required to use this feature.

## Description:

- The Customer Manager can upload phone background images to multiple 1000i series LIP/SIP phones
- Supported models : 1030i / 1040i / 1050i / 1080i

## Programming:

**Customer Manager Portal** > User > Phone Background Image

- To execute this operation, a phone model must be selected, and the search button needs to be clicked. Then this menu shows a list of phones to which you can upload a phone background image. You can choose several options to search for the phones you want.

The screenshot displays the 'Phone Background Image' interface. At the top, there are two panels. The left panel shows a 'Model' dropdown set to 'NONE' with a red box around it and a 'Search' button. The right panel shows a 'Model' dropdown set to '1030is', a 'Site' dropdown set to 'All Sites', and a search dropdown menu with options: 'ALL', 'MAC Address', 'Extension', and 'Name'. A red arrow points from the 'Search' button in the right panel to the 'Search' button in the left panel. Below these panels is a table with the following data:

	Site	Model Name	Extension	My DN	Name	MAC Address	Background Image File Name	Update Date
1	<input type="checkbox"/>	Main Site Cus 1030is	105	105	105	123456789050		
2	<input type="checkbox"/>	Main Site Cus 1030is	107	696107	107	123456789051		
3	<input type="checkbox"/>	Main Site Cus 1030is	142	142	142	123456789040		

At the bottom of the table, there are navigation controls: 'Page 1 of 1', 'View 1 - 3 of 3', and two buttons: 'Background Image Delete' and 'Background Image Upload'.

- To upload a phone background image, you need to select desired phone(s) from phone list.
- If some phones are chosen, "Background Image Upload" button is enabled.
- Pressing that button brings up a pop-up window for browsing image file and image file upload is performed to the selected phones if you click the "Save" button after selecting the desired image.
- If some phones already have some background images, the "Background Image Delete" button also enabled when they are chosen, and then you can delete it by clicking this button if you want.

### Phone Background Image

Model:  Select Model and click the Search button to upload or delete a background image!

Site:

<input type="checkbox"/>	Site	Model Name	Extension	My DN	Name	MAC Address	Background Image File Name	Update Date
<input checked="" type="checkbox"/>	1	Main Site Cu 1030is	105	105	105	123456789050		
<input type="checkbox"/>	2	Main Site Cus 1030is	107	696107	107	123456789051		
<input type="checkbox"/>	3	Main Site Cus 1030is	142	142	142	123456789040
