

iPECS ONE - improved mobile contacts

Last Modified on 05/16/2024 5:18 am EDT

Feature first available:

iPECS Cloud version 6.1.

License Required:

iPECS Cloud Premium or Premium Plus licensing is required to use this feature.

Description:

Version 6.1 has separated the mobile device's contact list to a separate tab from the contacts contained within your organization.

- Mobile Native contacts are NOT uploaded to the ONE cloud server.
- Max of 3,000 contacts.
- Show Favorites contacts of Mobile Phonebook (Android only).
- Mobile contacts can be searched by name or by number.

Example:

iPecs One mobile app on the left on the Mobile contact tab and on the right the list of contact present on the device.
